CRAWFORD'S MONUMENTAL WORKS

1855

1882

I take the present opportunity to thank the people of Buffalo and the surrounding country for their liberal patronage, by which I have been enabled to establish here a Manufactory of

FINE MONUMENTAL WORK

Beginning in a small way on the 15th of April, 1855, I have, in the past TWENTY-SEVEN YEARS, during which my works have been in the same place and under one name, endeavored to do the work entrusted to me to the best of my ability, and I now have in 1882, facilities for furnishing the very best work in the most economical manner.

I use annually over three hundred tons of granite, from the best quarries in the United States. My work is all done here and gives employment to quite a number of mechanics, and also permits the purchaser to view his work during its entire progress to completion. My attention now is wholly given to MONUMENTAL WORK, and I have constantly on hand a large stock of Monuments and a full line of plans embodying all the principles of art applicable to the trade. I respectfully solicit the favors of former patrons, and the orders of the public for Monumental Work, which I now have better facilities than ever before to execute to the entire satisfaction of all, and I give all orders my personal superintendence.

LIABILITIES,	6,144,182.29

The Penn Mutual is the Only Company in the United States that has voluntarily made all its Policies Absolutely Non-forfeitable.

Leads in Financial Strength. The true test of the strength of a Company is not simply an aggregate of Assets, however large, but the Ratio of Assets to Liabilities.

The PENN has \$128.50 of CASH ASSETS to each \$100.00 of its Liabilities.

The PENN has paid more dividends in number and of a larger average percentage than any other Company.

Leads in Business Management.

Has no proxy votes for its Officers.

Their salaries are small. Prudence, Honesty and Economy, its leading qualities.

Since its Organization the PENN MUTUAL has paid its Policy-holders in cash over TEN MILLIONS OF DOLLARS.

Over 67 Per Cent. of the Premium Receipts has been returned to the Policy-holders since Organization, in dividends, death claims, &c.

This is a larger percentage of return to Policy-holders than that made by any other Company in the United States.

The PENN MUTUAL is very careful in the selection of its risks—and when its losses occur they are paid cheerfully and promptly.

Consult the Agents of the PENN MUTUAL for Insurance or Information.

ANNOUNCEMENT FOR 1882.

THE BUFFALO CITY DIRECTORY for 1882 commemorates the semi-centennial of the city; and is as full and complete as it was possible to make it. The canvassers met with the usual obstacles in the work of gathering the names, and found their labors considerably increased by the unprecedented number of removals from one part of the city to another, and the large accession to our population; but experience, skill and liberal outlay have resulted in the best compilation the city has ever been favored with.

The publishers, while not pretending to absolute accuracy, are fain to believe that they have secured the best result attainable, and that the present volume will commend itself to the good will, if not to the admiration, of the public at large. In the fullness of its list of names and in the simplicity of its classification, it is in advance of its predecessors; and the reader will note that by consulting the "Index to Contents," he will be pointed to several features of interest which are new in this issue; amongst them, a mortuary list extending from May, 1881, to May, 1882.

The volume contains twenty-three pages of names—aggregating 2,461 names—more than that of last year. The total number of names in the Directory is 52,146. Estimating each name to represent $3\frac{1}{2}$ persons, and we have 182,511 as the present population of Buffalo—an increase of 8,613 or 12,511 over our

estimated population of 1881. This fine showing must prove grateful to every citizen of Buffalo, and the publishers feel an especial pride in being the immediate instruments of bringing these very agreeable facts to public attention.

The city has been singularly prosperous during the year, and the development of the railroad interest within our limits has been a surprise to the oldest inhabitant. Buffalo is one of the most important points in the country, and all indications go to prove that she is destined to become one of the greatest railroad centers in the United States. Buffalo never had a brighter outlook than in this, the semi-centennial year of her incorporation as a city.

The actual count of the names in the Directory by letter is as follows:

A....1,107	F....2,265	K....3,191	P....1,851	U.... 228
B....5,300	G....2,655	L....2,464	Q.... 99	V.... 619

BUFFALO

STREET AND AVENUE DIRECTORY.

EXPLANATION.

It will be noticed that in this Street Directory the names of the streets are set down in alphabetical order, giving the course which they run, according, as near as possible, to the points of the compass, and enumerating all streets which cross the same in the order in which they occur. The streets in the city were renumbered in 1888, and the following method was adopted, to wit: From the starting point of the street, measuring along the line of the street twenty feet; then making No. 1 to the right-hand side, and No. 2 to the left-hand side, and so on, each twenty feet, whether there be a building or a vacancy, or a street crossing. The number on one corner has been given, so that a person wishing to find, say, 499 MAIN STREET, on consulting the Street Directory, finds that the right-hand corner of Main and Mohawk is No. 497, consequently, the place he seeks is only a few doors above.

International postal cards, two cents.

RATES OF POSTAGE TO CANADA.

(The Dominion of Canada embraces all the British North American Provinces except Newfoundland.)

Letters and Postal Cards.—Same rates and conditions of prepayment of postage as for domestic letters and postal cards.

Other Matter.—Same rates and conditions of transmission as for matter for delivery within the United States, except that merchandise is rigidly excluded. Samples of merchandise are available, but they must not exceed eight ounces in weight, and are subject to a postage of ten cents each. They must also be strictly specimens of goods for sale.

RATES OF POSTAGE TO POSTAL UNION COUNTRIES.

Letters, five cents per half ounce or fraction thereof (thirteen grams being the postal equivalent of half an ounce).

Postal cards two cents each.

Registration fee ten cents.

FORWARDING LETTERS AND POSTAL CARDS.

The law providing that prepaid letters and postal cards shall be forwarded from one post-office to another, at the request of the party addressed, without additional postage, applies only to those not delivered. A letter or postal card that has been delivered to an authorized person, and by him re-directed to another post-office, cannot be forwarded to its new address without prepayment of additional letter postage. Such re-directed and unpaid matter is daily dropped into the street letter and office drop-boxes, and is, under instruction, forwarded to the Dead Letter Office.

Newspapers, periodicals and miscellaneous mailable matter cannot be remailed or forwarded without prepayment of stamps, at the rate of third-class matter.

ADVERTISED LETTERS.

Letters after remaining in this office one week, are advertised. Such letters can only be obtained by calling for them as advertised letters, and giving the date of the list. If not claimed within one month thereafter, they are sent to the Dead Letter Office.

LETTERS NOT ADVERTISED.

The following classes of letters are not advertised: Drop letters; letters bearing requests to be returned to writers if unclaimed; box letters; letters directed and sent to hotels, and then returned to the post-office as unclaimed—being for strangers; letters returned from the Dead Letter Office to writers.

RATES OF POSTAGE.

First Class.—Letters, and all other written matter, whether sealed or unsealed, and all other matter sealed, nailed, sewed, tied, or fastened in any manner, so that it cannot be

easily examined, three cents per half ounce or fraction thereof. Postal cards one cent each. Postal cards are unmailable with any writing or printing on the address side, except the direction, or with anything pasted upon or attached to them.

On local or drop letters, at offices where free delivery by carriers is established, two cents for each half ounce or fraction thereof.

Second Class.—Only for publishers and news-agents.

Third Class.—Printed matter, in unsealed wrappers only (all matter inclosed in sealed envelopes notched on the sides or corners must pay letter rates), one cent for each two ounces or fraction thereof, which must be fully prepaid. This includes books, circulars, chromos, hand-bills, engravings, lithographs, magazines, music, newspapers, pamphlets, photographs, proof-sheets and manuscript accompanying the same, reproductions by the electric pen, hektograph, metallograph, papyrograph, and, in short, any reproduction upon paper by any process, except hand-writing and the copying press, not in the nature of a personal correspondence. Limit of weight four pounds, except for a single book, which may weigh more. Third-class matter must be fully prepaid or it will not be forwarded.

Fourth Class.—All mailable matter not included in the three preceding classes which is so prepared for mailing as to be easily withdrawn from the wrapper and examined. Rate, one cent per ounce or fraction thereof. Limit of weight four pounds. Full prepayment compulsory.

POSTAL CARDS.

The postage of one cent each is paid by the stamp impressed on these cards, and no further payment is required. The address may either be written, printed, or affixed thereto, at the option of the sender. Anything else attached in any way to a postal card subjects it to letter postage.

POSTAL RULES.

By act of July 12, 1876, "the sender of any article of third-class mail matter may write his or her name therein, or on the outside thereof, with the word 'from' above or preceding the same; or may write briefly or print on any package the number and names of the articles inclosed." This privilege cannot be held to include the price of such articles, or any writing other than above specified.

A subscriber cannot re-mail his paper to another without prepayment of postage at transient rates.

Postmasters cannot deliver from their respective offices letters addressed and deliverable from other offices, except in case of letters addressed to discontinued offices nearest the office where such letters are held for delivery.

Money should not be inclosed in an ordinary letter.

Valuable letters should be carried to the Post Office and registered. If money is to be remitted, a Postal Money Order should be obtained.

Money and other valuables sent by mail are at owner's risk.

Head letters with the name of the writer's Post Office and State, street and number. Sign them with full name, and requests that answers be directed accordingly.

It is the duty of the Postmaster at the mailing office, as well as the office of delivery, to carefully examine all printed matter, to see that it is charged with the proper amount of postage, and to detect fraud.

When publishers inclose handbills with their newspapers in violation of the law, the Postmaster is required to rate up such packages with letter postage according to the weight of the same, and, if not paid by the party addressed, to return them to the mailing office to prosecute the sender in the penalty of \$5 in each case.

No extra postage charge is to be made for a card printed or impressed upon an envelope or wrapper.

The law limits the weight of packages to be sent by mail to four pounds, except books issued by order of Congress.

The persons entitled to receive letters by mail are those whose names are in the address, and delivery should be to the person addressed, or according to his or her order.

Letters addressed to a party deceased can only be delivered to his legal representatives.

Letters addressed to a firm may be delivered to any member thereof.

Drop letters can only be forwarded upon the prepayment of one full letter rate of postage.

Pamphlets and books cannot be returned at the request of the writer without prepayment of postage. The privilege is confined to letters.

THE FOLLOWING ARTICLES ARE UNMAILABLE.

Letters which cannot be forwarded to their destination by reason of illegible or unintelligible superscription.

Letters upon which one full rate of postage has not been prepaid, and those covered by revenue stamps, by stamps previously used, or by stamps cut from stamped envelopes, and packages which exceed four pounds in weight.

Letters insufficiently paid or wholly unpaid for foreign countries, on which prepayment is required in full.

Letters to Europe and other foreign countries belonging to the International Postal Union, which contain gold or silver, money, jewels or precious articles, or any article liable to customs duty.

All letters upon the envelope of which, or postal card upon which obscene, scurrilous or abusive epithets have been written or printed, or disloyal devices printed or engraved, and letters or circulars concerning illegal lotteries, so-called gift concerts, or other similar enterprises offering prizes or concerning schemes devised and intended to deceive and defraud the public. Also, all obscene, lewd or lascivious books, pamphlets, pictures, papers, prints or other publications of an indecent character.

Packages containing liquids, poisons, glass, explosive chemicals, live animals, sharp pointed instruments, sugar, or any other matter liable to deface or destroy the contents of the mail, or injure the person of any one connected with the service.

BUSINESS LAW IN DAILY USE.

The following compilation of business law contains the essence of a large amount of legal verbiage:

If a note is lost or stolen, it does not release the maker; he must pay it, if the consideration for which it was given and the amount can be proven.

Notes bear interest only when so stated.

A note made on Sunday is void.

A note by a minor is void.

A note obtained by fraud, or from a person in a state of intoxication, cannot be collected.

"Value received" is usually written in a note, and should be, but is not necessary. If not written, it is presumed by the law, or may be supplied by proof.

The maker of an "Accommodation" bill or note (one for which he has received no consideration, having lent his name or credit for the accommodation of the holder), is not bound to the person accommodated, but is

bound to all other parties, precisely as if there was a good consideration.

A note indorsed in blank (the name of the indorser only written) is transferable by delivery, the same as if made payable to bearer.

If the time of payment of a note is not inserted, it is held payable on demand.

The time of payment of a note must not depend upon a contingency. The promise must be absolute.

A bill may be written upon any paper, or substitute for it, either with ink or pencil.

The payee should be distinctly named in the note, unless it is payable to bearer.

An indorsee has a right of action against all whose names were on the bill when he received it.

If the letter containing a protest of non-payment be put into the post-office, any miscarriage does not affect the party giving notice.

Morebant's Gargling Oil, the Standard Liniment of the United States. Established 1833.

Notice of protest may be sent either to the place of business or of residence of the party notified.

The holder of a note may give notice of protest either to all the previous indorsers, or only to one of them; in case of the latter, he must select the last indorser, and the last must give notice to the last before him, and so on. Each indorser must send notice the same day or the day following. Neither Sunday nor legal holiday is to be counted in reckoning the time in which notice is to be given.

The loss of a bill or note is not sufficient excuse for not giving notice of protest.

If two or more persons as partners are jointly liable on a note or bill, due notice to one of them is sufficient.

If a note or bill is transferred as security, or even as payment of a pre-existing debt, the debt revives if the bill or note be dishonored.

An indorsement may be written on the face or back.

An indorser may prevent his own liability to be sued by writing: "without recourse," or similar words.

The finder of negotiable paper, as of all other property, must make reasonable efforts to find the owner before he is entitled to appropriate it for his own purposes. If the finder conceal it, he is liable to the charge of larceny or theft.

Joint payees of a bill or note, who are not partners, must all join in an indorsement.

One may make a note payable to his own order. He must then write his name upon its back or across its face, the same as any other indorser.

After the death of the holder of a bill or note, his executor or administrator may transfer it by his indorsement.

The husband who acquires a right to a bill or note which was given to the wife, either before or after marriage, may indorse it.

A demand note is always valid until presented for payment, after which it comes under the usual laws of outlawry.

An agreement without consideration is void.

Contracts made on Sunday cannot be enforced.

A contract made with a minor is void.

A contract made with a lunatic is void.

Each individual in a partnership is responsible for the whole amount of the debts of the firm, except in cases of SPECIAL PARTNERSHIP.

The acts of one partner bind all the rest.

A verbal promise to pay, made without conditions, is generally held as sufficient to revive a claim otherwise shut out by the law of limitation.

An oral agreement must be proved by evidence. A written agreement proves itself. The law prefers written to oral evidence, because of its precision.

No evidence may be introduced to CONTRADICT or VARY a written contract, but it may be received in order to explain it, when such contract is in need of explanation.

Checks or drafts must be presented for payment without unreasonable delay.

Checks or drafts should be presented during business hours; but in this country, except in the case of banks, the time extends through the day and evening.

If the drawee of a check or draft has changed his residence, the holder must use due or reasonable diligence to find him.

If one who holds a check, as payee or otherwise, transfers it to another, he has a right to insist that the check be presented that day, or, at farthest, on the day following.

If a debtor owes several debts, and pays a sum of money to the creditor, he has the right to designate the particular debt to which the payment shall apply, and the creditor must so appropriate it.

If, when a debt is due, the debtor is out of the state, the "six years" do not begin to run until he returns. If he afterward leave the state, the time forward counts the same as if he remained in the state.

Except in the case of absence from the state, the "six years" begin when the bill or account is DUE. In case of a note they count from the "three days of grace." In case of a note on demand, they count from the time of the demand.

The statute of limitations does not avoid or cancel the debt, but only provides that no action in law may be maintained after a given time. The statute does not affect collateral security.

Ignorance of the law excuses no one.

The law compels no one to do impossibilities.

It is a fraud to conceal a fraud.

Signatures made with a lead pencil are good in law.

A receipt for money is not always conclusive.

No consideration is sufficient in law if it be ILLEGAL in its nature.

All claims which do not rest upon a SEAL or JUDGMENT must be sued within six years from the time when they arise.

Part payment of a debt which has passed the time of statutory limitation revives the whole debt, and the claim holds good for another period of six years from the date of such partial payment.

Written instruments are to be construed and interpreted by the law according to the simple, customary and natural meaning of the words used.

"Acceptance" applies to bills and not to notes. It is an engagement on the part of the person on whom the bill is drawn to pay it according to its tenor. The usual way is to write across the face of the bill the word "Accepted."

A witnessed note does not outlaw for twenty years.

THE METRIC SYSTEM OF WEIGHTS AND MEASURES.

The Metric system is so called from the *Meter*, which is its principal and only arbitrary unit.

The units of the system are: The *Meter*, one ten-millionth part of the distance from the equator to the pole, measured on the earth's surface; the *Are*, equal to a square whose side is 10 meters, and is 100 square meters; the *Liter*, the capacity of a cube whose edge is a decimeter; the *Gram*, the weight of a cubic centimeter of water. A liter of water weighs a kilogram, and a cubic meter of water weighs a tonneau, or metric ton.

The following are the tables of the Metric weights and measures:

LENGTH.

10 millimeters.....	make a centimeter.
10 centimeters.....	make a decimeter.

BUFFALO TYPE FOUNDRY

N. LYMAN'S SONS, . PROPRIETORS.**No. 36 WEST SENECA STREET.**

By the completion of our new and powerful machines, we are now enabled to force metal into type (heretofore impossible) that will exceed in durability anything in the shape of Type now made in other places.

In case you need new Type for News or Book Work, we would advise you to give us your orders and you will be convinced, what we affirm, to be a fact.

If you let us know when you intend to renew your paper with type, and give us the size and quantity of type you use, we will hold ourselves ready to meet your wants with promptness.

ELECTROTYPING.

Printers will find it to their advantage to send their forms to be Electrotyped when large numbers are to be printed from them, thereby saving their type from wear. Also Books and Pamphlets Electrotyped as low as Stereotyping. Cuts, Borders, and in fact anything that needs Electrotyping.

We must return thanks for the favors shown this Foundry in the past, and hope that your trade will be continued with us, and that you will GIVE US AN OPPORTUNITY to please you, as it shall be our endeavor to do so to the best of our ability.

We can supply you with anything in our line at rates as favorable as any Foundry in this country, and material that is not excelled for beauty and durability.

Printing Presses and Printing Machinery of all makers furnished at short notice.

Also Type adapted for Dick's Mailing Machines. Printers and Publishers merely giving the number of subscribers can have fonts put up suitable for same.

Wood Type and Wood Printing Materials furnished.

Type from other founders' specimen books can be furnished at short notice.

THE REVOLVING PERCH BIRD CAGE

Patented Sept. 21, 1869; Nov. 26, 1872; April 3, 1877; Re-Issued Nov. 13, 1878.

A PLAY-HOUSE FOR THE WORLD'S PET.

The pleasure and joy furnished "Our Charming" by the New Revolving Perch is wonderful to behold. Any Canary will learn to work them in a very short time, and once learned, it is surprising to see the amount of exercise a bird will take. These elegant and useful Cages have already become very popular. We know of many instances where dealers who handle our Revolving Perch Cages, have largely increased their sales, by placing in their show windows one of the cages with a bird inside to operate same.

The **REVOLVING PERCH** is so new, that unless people see it in practical operation, they fail to appreciate what a charming novelty it is; or the great advantage to the bird in the way of exercise, which all Canaries require to keep them healthy, and constantly in song.

CATHOLIC UNION & TIMES

A WEEKLY EIGHT-PAGE JOURNAL,

DEVOTED TO

Catholic Interests, and Catholic and General
Literature and News.

PUBLISHED EVERY THURSDAY

BY THE

CATHOLIC PUBLICATION COMPANY

This admirable and enterprising paper is the organ of the Diocese of Buffalo, and is largely read in this city and the neighboring cities of Rochester, Lockport and Elmira—and indeed all over Middle and Western New York—for it is the only important exponent of Catholic opinion in this portion of the State; from this as well as from the style and ability of the paper itself, it is the acknowledged medium of address to Catholic thought throughout this extensive district.

Though Catholic in tone and object, as becomes the official organ of the Bishop of Buffalo, it is not confined to purely Religious topics, but goes out to meet every discussion of the day, has independent views, and not unfrequently has taken the position of a leader of thought on subjects of general interest.

The Editorial Department is devoted to the Religious, Political, and other interesting issues of the times. Its ability in this department has long been recognized.

This paper was organized under the auspices of Right Rev. Dr. RYAN, Bishop of Buffalo, is conducted by a clergyman distinguished for literary taste and ability, and is under efficient business management. It fulfills exactly the ideal of a CATHOLIC publication, and is excelled by none throughout the country that assume the title.

The "Union & Times," is a valuable Advertising Medium, being the only Catholic Paper published in the English Language between the Hudson and Lake Erie.

The Telegraph is the brightest and ablest Afternoon Paper in the State of New York. It has been a phenomenal success from its inception. It is rigidly independent in politics, as in every other relation. Commanding large resources, it has no need of political patronage.

ITS OPINIONS CANNOT BE BOUGHT.

It is the newest paper in the State. It receives perfect telegraphic service, and its local department is unapproached. Its Editorials are keen and pointed. It says what it thinks and means what it says. It presents the history of the whole world each day in a nutshell. Its Circulation is immense and constantly increasing.

THE
GREAT SHORT LINE
THE
UNION AND CENTRAL PACIFIC
RAILROADS.

CHOICE OF FOUR ROUTES.

THE UNION and CENTRAL PACIFIC OVERLAND ROUTE is the only line to the Pacific Coast which can offer travelers a choice of four routes between the Missouri River and the Rocky Mountains.

THE OLD RELIABLE UNION and CENTRAL PACIFIC ROUTE is the only line passing through the thriving young agricultural States of Kansas and Nebraska, affording passengers a view of their fertile and almost illimitable prairies.

THE GREAT NATIONAL THOROUGHFARE. The Union and Central Pacific Railroad Line, passes through the most fertile fields of America, over the grandest mountain chains in the world, and reaches all the popular health and pleasure resorts of the Rocky and Sierra Mountains and the Pacific Slope, and is the great iron highway over which pass the products of the mines, farms, stock ranges and forests of the North American Continent.

THE PIONEER THROUGH LINE. The Union and Central Pacific Railroad Line, is from 300 to 500 miles the shortest route between the chief cities of the East and the Pacific Coast. It is the only line through Denver and Colorado. It is justly called the Commercial Highway of four Continents. It is a palace line for comfort, a panorama line for the sight-seer, and passes through some of the most renowned mining regions of America.

Improved Door Knob Attachment

PATENTED OCTOBER 4TH, 1881.

Herewith we illustrate our New Patent Door Knob Attachment. Various devices have been tried for securing Door Knobs to their shanks, but heretofore nothing has been produced which would overcome the difficulty better than the common mode of using lead. The shank of this knob is provided with wings or lugs (see cut at A A), which fit into grooves made in the knob, and effectually prevents it from turning on the shank. The rear end of the shank is provided with an internal thread to receive the threaded stem of the button, which is screwed up against the knob by inserting a screw-driver through the opening in the shank and cannot be operated from the outside, thus making a perfectly secure and highly ornamental device.

Newspaper Advertising Agency IN BUFFALO,

Begs to announce that he has leased, for a term of years, the entire third floor of the new block,

Nos. 12, 14, 16 AND 18 EAGLE STREET.

Opposite Young Men's Association Building and St. James Hall.

THE NEWSPAPER ADVERTISING AGENCY will as heretofore, be under the supervision of Mr. E. H. HUTCHINSON, whose seven years' experience in every detail of the business renders him fully qualified to protect and advance the interests of his patrons. Advertisements will be inserted in any newspaper in the United States or Dominion of Canada, at the publishers' lowest rates *without any additional charge or commutation*. Estimates in the cost of advertising in any newspaper the advertiser may select, furnished *free of charge on application*. An advertiser dealing with the Agency is saved trouble and correspondence, making one contract instead of a dozen, a hundred or a thousand. Consult this Agency before placing contracts. Orders are taken for a single paper as well as for a list; for a single dollar as readily as for a larger sum, and all contracts are promptly executed.

In connection with the Advertising Agency, Mr. HUTCHINSON, in 1877, established his

BOOK AND JOB PRINTING DEPARTMENT.

which is under the management of Mr. H. C. SPENCERLOW, who has been with Mr. HUTCHINSON for the past five years. In this department every description of printing for Societies, Manufacturers, Merchants, Bankers, Insurance and Business men generally, is executed with neatness, promptness and despatch, at reasonable rates. Particular attention is paid to the reading of proofs, and every care taken to avoid mistakes and insure accuracy in the work. Our motto is "*Good Work at Reasonable Prices.*"

PRINTERS' MATERIAL DEPARTMENT.

Mr. E. H. HUTCHINSON has also made arrangements with one of the largest manufacturing and jobbing houses in the trade to handle their extensive line of Advertising Cards, and is prepared to furnish printers and publishers with the latest designs at New York prices, thus saving them cost of transportation.

Mr. HUTCHINSON also offers for sale at lowest prices, all kinds of Printers' Materials, including Job Presses, Metal and Wood Type, his own brand of "Keystone," News and Job Inks, Roller Composition, Schermer's Detergent for washing forms, Burns' Patent Alarm Counter, "Eagle City" Line Shapers, "Eureka" Lead and Slug Rack, Paper and Card Cutters, and a full line of Printers' Paper and Card Stock, all of which the trade are respectfully invited to examine. Price list sent on application.

E. H. HUTCHINSON,

Telephone in Office.

1841. NEARLY HALF A CENTURY. 1882.

97 BRANCH OFFICES.

THE MERCANTILE AGENCY

R. G. DUN & CO.

The Reference Book will be issued promptly in the first week of July, and Delivered to Subscribers. It will contain over **850,000 NAMES** of Traders in the United States and Canada, with their business, and an estimate of their worth, and an indication of their credit-standing. This coming issue will be the **66th Volume** of this work; the Mercantile Agency being in the 42d year of its existence. This Agency, which commenced business in New York in 1841, is older than any competitor by many years.

Its **97 Branch Offices** in every city of any size in this country and Europe, are more than double the number of any other agency. This large number of established Branches enables this Agency to report the country in a most thorough and reliable manner, as evidence of which can be taken the fact that the Reference Book contains by **MANY THOUSANDS MORE NAMES** than ANY OTHER BOOK. The Book gives the Population of each place, and Banking Town for each place.

We present each Subscriber, in separate form, with a

POSTAL AND SHIPPING GUIDE

For the Whole Country, prepared under the personal supervision of E. W. Bullinger, whose aptitude, experience and facilities for the work are unsurpassed. An investigation will convince anyone that this Shipping Guide is infinitely superior to any Guide published by our competitors, or others. It shows the Freight Lines from Buffalo to any place in the United States or Canada. The Reference Book also shows the County Towns of Every State in the Union. Also Official Statements of all Insurance Companies; Collection Laws of each State; Assignment or Insolvency Law of each State; Sittings of Courts in each State. Also Laws of the States where Licenses are required by Commercial Travelers. The Agency employs directly **Over One Thousand Clerks and Traveling Reporters**, and has in its employ many thousand resident correspondents. It expends annually **Over a Million Dollars** in procuring and recording information for its subscribers, which at a safe calculation is at least several times as much as has ever been disbursed in the same business by any competitor, living or extinct.

Full particulars as to subscription may be obtained at the Office, *Nos. 11 and 13 West Swan Street.*
